PROFILE SUMMARY

Creative and detail-oriented Frontend Developer with a strong foundation in modern web technologies including HTML5, CSS3, Tailwind CSS, Bootstrap5, JavaScript, React.js, and responsive design principles. Adept at writing clean, maintainable code and passionate about optimizing user experience and accessibility.

PROJECTS

Furniture Ecommerce Website

Tech Stack: HTML5, CSS3, Bootstrap 5, JavaScript

Project Highlights:

- Built a responsive and modern furniture ecommerce website with an intuitive and clean layout.
- Developed reusable UI components like product showcases, navbar dropdowns, and image sliders using Bootstrap 5.
- Focused on mobile-first design to ensure smooth experience across all devices and screen sizes.
- Maintained clean code structure and modular CSS, improving maintainability and scalability for future development.

Fitclub-Starter Landing Page

Tech Stack: Html, CSS, JavaScript and React.js

Project Highlights:

- Developed a responsive fitness landing page for a fictional fitness club startup (Fitclub-Starter), focusing on a sleek and modern layout to appeal to health-conscious users.
- Integrated smooth scroll and animated transitions using JavaScript to enhance user engagement and create a dynamic browsing experience.
- Implemented mobile-first responsive design using Flexbox and CSS Grid, ensuring seamless accessibility across smartphones, tablets, and desktops.
- Deployed the landing page to Netlify for streamlined CI/CD, with automated build processes and fast, reliable hosting.
